Decisions on non-notified resource consents applications

1. Purpose

To report on decisions made under delegated authority on non-notified resource consent applications. This report covers the period from 1 April to 2 June 2017.

2. Applications processed

A total of **123** resource consents were received during the period 1 April to 2 June 2017, with **117** being approved in the period. This compares with **87** consents that were approved for the same period last year.

The consents approved are summarised in the table below:

	Coastal permit	Discharge permit	Land use consent	Water permit	Certificate of Compliance
CDC		2	1	6	
HCC		6	6	2	
KCDC	3	1	3	1	
MDC		8	10	16	
PCC			2		
SWDC		5	4	8	
UHCC		3	1	1	
WCC	9	1	13	4	
TDC					
Whole region	1				
Total	13	26	40	38	

3. Consent trends

During this period there was the usual elevation in land use consents, but also a spike in the number of water permits, mainly in the Wairarapa. This spike was caused by permit holders applying to renew their existing resource consents which were due to expire.

4. Non-notified consents of interest

There were no specific consents of interest this period to report on.
