# Setting Freshwater Objectives & Limits

# Te Awarua-o-Porirua Whaitua Committee: process from here

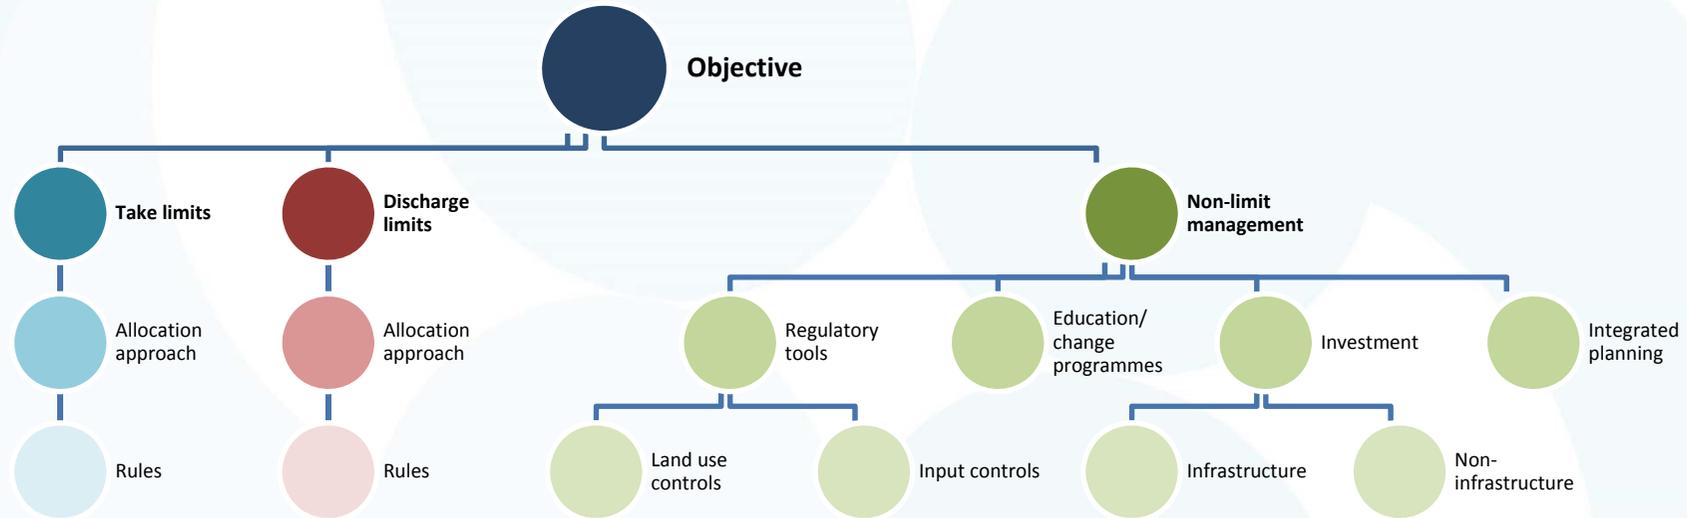

# Focus for remainder of 2016

- **Goal: Scenarios agreed by Committee by 15 Dec 2016**
- **4 Committee meetings remain:**

15 September 2016
20 October 2016
17 November 2016
15 December 2016
- **Community engagement on options????**

# Policy packages

- Package must address**
- Timeframes to reach the objective and any stages along the way
  - How much change is possible at each stage
  - Who pays and when
  - Transitional steps or actions needed to reach future stages

# Scenarios

- A suite or bundle of changes or management options that can be modelled to determine their impact on a range of values
- Scenarios provide insights into future possibilities, help our understanding and assist our decision making

# How do we use the results?

- Compare results with our expected outcome
- Compare results with current state (using water wheel)
- Use what we learn to construct our policy mix and our recommendations
